Instructions on using the PLUM and HATS fillable PDFs

The fillable PDFs for PLUM and HATS will only work properly with some programs. Please read the instructions below to ensure that the fillable PLUM and HATS work correctly for you.

To use the fillable PDFs on tablets (android and iPads) (with or without internet access)

- You will need to open the fillable PDFs with Foxit PDF Editor app
- You can use the fillable PDFs with or without internet access, but you will need to download the free Foxit PDF Editor when you have internet access (e.g., before you go to a remote location with limited or no internet)
- To download the free Foxit PDF Editor:
  - **For tablets**: https://play.google.com/store/apps/details?id=com.foxit.mobile.pdf.lite&hl=en_AU&gl=US
  - **For Apple iPads**: https://apps.apple.com/au/app/foxit-mobilepdf/id507040546

To use the fillable PDFs on a PC computer _with_ internet access

- Use **MicrosoftEdge** to open the fillable PDFs (this is usually the default browser for PCs, so it should not need to be downloaded)
- You may need to right click on the PDF file names and select the "open with" option to choose "MicrosoftEdge" (if it is not the default for PDFs on your PC).

To use the fillable PDFs on a PC computer _without_ internet access

- Use **Google Chrome** for PC
- You may need to right click on the PDF file names and select the "open with" option to choose Google Chrome
- You will need to download and install Google Chrome for PC (free) when you do have internet access (e.g., before you go to a remote location with limited or no internet)
- To download and install Googe Chrome for PC (free): https://support.google.com/chrome/answer/95346?hl=en&co=GENIE.Platform%3DDesktop

To use the fillable PDFs on an Apple Mac computer (with or without internet access)

- Use **Google Chrome** for Mac
- You may need to right click on the PDF file names and select the "open with" option to choose Google Chrome
- You will need to download and install Google Chrome for Mac (free) when you have internet access (e.g., before you go to a remote location with limited or no internet)
- To download and install Google Chrome for Mac (free): https://support.google.com/chrome/a/answer/7550274?hl=en
